

# TRAMES

Dear parents and responsible adults,

Your child took part in the TRAMES – Testimonies and Stories of Adolescents of the World on School in Switzerland project. This project aims to gain a better understanding of the school experience in several countries and encourage people to live together in harmony.

After reading extracts from the book Histoires avec des bosses, your child has created one or more pieces of content on the theme of school and mobility. This content is intended to be published on the educational platform of the project website: [trames.ch/albecedaire](https://trames.ch/albecedaire) subject to your consent.

Please complete the form below and send it to the person responsible, or sign it online at the following link:

Kind regards,

Noémie Mathivat,
